

Senator *Marilyn* Rasmussen cares about **Health Care**

“... no member of the Legislature (is) more in tune with the needs of her constituents than Senator Rasmussen, ...she always does the right thing regardless of the possible consequences.” - Dr. Ken Isaacs, president-elect, WSMA

She was one of four Democrats in the Washington State Senate who voted for tort reform measures during both the 2003 and 2004 legislative sessions. She used her position on the powerful Senate Rules Committee to get the measures out of the Rules Committee and to the floor of the Senate for a successful vote.

“These were very difficult votes to take during an election year,” said Dr. Isaacs. **“But, she always does the right thing regardless of the possible consequences.”**

“During her tenure on the Senate Ways and Means Committee, Senator Rasmussen fought for health insurance coverage for low-income citizens in Washington state, most importantly for pregnant women and children,” noted Dr. Isaacs.

“...there is no member of the Legislature that pays more attention to health care issues than Marilyn”
