The Senator we can count on.

"Rasmussen, 65 has a proven record of accomplishment. When the E.coli scare hit this state, Rasmussen was quick to sponsor legislation to track food sources. When military personnel were called to duty in Iraq, she sponsored legislation that allowed them to get out of their property tax rental agreements in three days. She's is one of those rare legislators who has the support of business and labor. She is a strong advocate for a cross-base highway at Ft. Lewis and the Yelm bypass. Marilyn Rasmussen merits re-election on Nov. 2" The Olympian 10/4/02

The Neighbor we know. The Senator we can count on.

In Olympia, Senator Marilyn Rasmussen has developed a well-deserved reputation as a thoughtful, common sense leader.

Respected for her knowledge, tenacity and hard work, Marilyn's been a consistent and powerful voice for the people of this community.

She works hard, stays in touch and insists on the change we need. **Marilyn Rasmussen is there for us.**

For public safety programs and strong support for our local police as they crack down on mobile meth labs and the rise in burglaries that all too often follow.

For the thoughtful and common sense policies that will protect our communities and unique quality of life.

For tax incentives, transportation projects like the Cross Base Highway and meaningful economic development programs that will attract new business and help create family wage jobs.

And as a mother who's raised seven children of her own, Marilyn will continue to stand up and speak out for our teachers and our public schools.

She firmly believes that we all have an obligation to ensure that our children are prepared for tomorrow's jobs.
