# The neighbor we trust.

*We are your friends, colleagues and neighbors. And we all share the same hope—the same vision for our community.*

**We work hard.** And we're always willing to get together and work for a common cause. Teamwork. That's what built and has sustained our communities over the years. **We work together.** And we have true community leaders like Marilyn Rasmussen, serving as our voice in Olympia.

**Marilyn Rasmussen.**

**The family and community values we share. A leader who's there for us.**

**Transportation projects like the Cross Base Highway, expanding Meridian to five lanes or the Yelm 507/510 Loop project.**

**Safe, well-funded public schools to ensure that every child is prepared for tomorrow's challenges.**

**Economic development programs that attract new business and create family wage jobs.**

**Access to affordable and local, quality health care.**

**Public safety programs that protect us from meth labs and other dangers.**

**And for the kind of innovative and thoughtful policies that protect our agricultural base, our communities and our unique quality of life.**
